God listens.®

Pastor,

Thank you for the work you are doing to encourage and grow people in their walk with Jesus Christ and to equip them to also make disciples as Jesus commanded us.

I'm writing to personally recommend Don Sunshine's "Made a Difference" training as a unique tool to help the people you lead catch a renewed vision for sharing the Gospel and having the eyes to see the opportunities around us every day. Don is a "regular guy" whose passion is infectious, his presentation is engaging, and the outcomes are life-changing.

KSBJ is the largest non-commercial Christian radio station in the United States and, like you, we are asked for many things by many people and we work hard to stay laser focused on our mission. This is one of those things, however, that gets to the very essence of why we exist. I know it is the same for you which is why I'm happy to recommend Don and I pray that, through your church, more people will come to a life-saving faith in Jesus Christ.

Sincerely,
