

“Share your faith every day as a way of life!”

April 2024 - Monthly Report

Our Lord is returning soon! Are you ready to meet Him?

We had a very busy April, completing five M.A.D. Live Events and equipping another 184 people to begin sharing their faith in Christ every day. We were so excited to see seven people come to a saving faith at our M.A.D. Live Events this month! Glory to God!!!

I have been presenting the original Walk thru the Bible Old Testament seminar since 2010. This past fall I was certified to teach the new version of the seminar, called, “OTLive”. This month I completed my first “OTLive” seminar. We had 83 people participate in Oakfield, NY. It was a load of fun and everyone learned something and enjoyed our time together.

Is most of your Bible reading in the New Testament, because the Old Testament is confusing and difficult to understand? Would you like to understand it better and enjoy reading it? Ask your church leadership to consider bringing me in to teach the Walk thru the Bible “OTLive” Event! It’s only 3-hours long including 2 breaks, and you’ll learn 40 major people, places, and events from the 17 Old Testament history books with hand motions. It’s called, “kinetic learning” and it is loads of fun! At the end of the 3-hours, you’ll be able to recite all 40 people, places, and events in chronological order with the hand motions in less than 2 minutes. The Old Testament will come to life for you and become an essential part of your Scripture reading. Please call me directly if you’re interested.

I was blessed to have shared the Gospel message with 69 people one-on-one in April. 20 of them happened in the span of about 10 minutes when I went out to breakfast with 2 friends. There were 15 Sheriff Deputies in the restaurant and I was able to give each of them a police Gospel card and a Pretender card. I also got to share veteran Gospel cards with 4 vets who were in the restaurant that morning. Then we shared and prayed for our waitress! That was quite a start to the day! More seeds planted for the Holy Spirit to use!

I was in PA preparing to do two M.A.D. Live Events in April. Without getting into all of the details, I encountered an immovable railing with my right thigh. I was being filmed that morning for the video training we are working on, and as the day progressed, the pain in the thigh became unbearable. I ended up in an Urgent Care facility and the pain was so bad, I couldn’t get up out of the chair in the waiting room. It turns out I had a bad hematoma. I had broken or torn a major artery or vein and my thigh was filling with blood. The pressure in my leg was the second worst pain I have ever experienced. I ended up spending the night at my daughter’s home. Overnight the blood must have broken through a membrane and spread down into the

leg above the knee. (see photo of knee from the front) I was able to Zoom the Saturday training from the recliner at my daughter's home, and the Sunday event was postponed. The swelling in the leg continues to be reduced and I have a very colorful bruise that's spreading...but I am healing. Thank you to my caring friends who have sent me links to bubble wrap to wrap myself in. One friend recommended the anti-static bubble wrap as the best solution.
