To Whom It May Concern:

If your church is looking to be challenged to begin making a difference in your community, then Don Sunshine is the person you need. I am an Assistant Pastor at Spencerport Wesleyan Church, Spencerport, NY. Our church had Don come on October 24th and share with us the MAD (Make a Difference) training. This training was exactly what our church needed to inspire and instruct us to be more serious about evangelism. We have been trying to figure out ways to reach out to our community and share Christ with them. Don made us realize that it is the individual's responsibility to share Christ with people with whom he/she has influence. The greatest impact a church can have is not through outreach events but rather each member sharing Christ with people they come in contact with daily.

Don presents his material in a way that keeps everyone's attention. Don uses humor in his presentations coupled with personal testimonies. He lives out the principles and guidelines that he presents. Everything that Don talks about in his presentation is biblical. He teaches from the foundation of Christian doctrine, not to any specific denomination. Two weeks have passed since our training session, and our church is still buzzing about his powerful message.

Don gives a strong message on the importance of repentance. Don spoke about how often the gospel is presented without stressing the importance of repentance. Without life-change, there is no true conversion. I believe it was because of this teaching that we had a teen in our church recommit his life to Christ that very night.

If you want your congregation to be challenged, stretched, and informed about divine appointments, and our responsibility to fulfill the great commission, then I strongly recommend Don Sunshine.

*God bless,
Patrick Kelly*
