To Whom It May Concern:

Don Sunshine presented his "Go M.A.D." training at Grace Christian Fellowship in a manner that directly challenged our people to examine their relationship with Jesus, face their fears of talking to others about Jesus and calling them to live out the reality of Christ in them. He encouraged us to consider every moment, every event we experienced and every person we meet as a God-given opportunity to talk about Jesus. His training helped release people from fear and freed them to plant seeds of the Gospel to lead people to repentance and faith in Jesus.

He was very flexible and presented the first session of training as the morning message in our Sunday worship services and completed the sessions after a break for lunch. Even those who did not complete the training have commented on how his morning message changed their outlook on how to be effectively sharing Jesus. Several people received Christ during the seminar and all those in attendance were excited about the potential victories as they shared Jesus in their respective places in the world.

This training is scripturally sound, soul-stirring and life changing. I recommend it highly as a catalyst for effective outreach for Jesus in any setting. The Holy Spirit seems to bless each session with his anointing and ignites a passion for Jesus.

In Christ,

John H. Hartman
